

Mercedes-Benz

Mercedes-Benz USA, LLC

S. Paul Halata
President and CEO

To Whom It May Concern:

For the past five years, IPS Corporate Security has been the exclusive security service provider at the Mercedes-Benz USA, LLC (MBUSA) corporate headquarters located in Montvale, NJ. In addition to fulfilling our onsite security needs, IPS regularly provides offsite security for many of our meetings and events held throughout the country working closely with local security providers, as necessary.

Besides our corporate security needs, IPS also provides executive driving services to MBUSA. Services range from daily transportation for top executives to on-call services for appointments and events locally. As a corporate executive, I spend a significant amount of my time on the road and expect friendly, reliable service from those upon whom I depend for transportation. IPS has consistently delivered upon, and oftentimes exceeded both my expectations and those of my colleagues.

Without hesitation, I can state that the level of both security and transportation services provided by IPS has always been nothing less than outstanding. Both the management and staff at IPS are highly professional and extremely dependable. I would highly recommend IPS to any organization in search of corporate security and/or executive driving services.

Sincerely,
